ABOUT ME

I'm a college sophomore who's passionate about technology. Alongside my studies, I've been freelancing as a Frontend developer for over a year. I've learned a lot about making websites look great and work smoothly using HTML, CSS, and JavaScript. I love staying up-to-date with what's new in the field and always strive to improve my skills. I enjoy working with others and contributing to projects where I can.

EDUCATION BACKGROUND

2006 - 2013
Marikina Elementary School
Primary

2014 - 2018
San Isidro National High School
Junior High School

2018 - 2020
San Jose - Litex Senior High School
Senior High School

2020 - 2021/ 2023 - now

Tertiary

WORK EXPERIENCE

2021 - 2022

Frontend Developer

Self Employed

With over a year as a Frontend developer, I've mastered HTML, CSS, and JavaScript to create captivating digital experiences. Specializing in visually appealing interfaces and seamless functionality, I ensure client satisfaction through innovative, user-centric design.
